

Detail Product of PT Listrikum

HSC Series Modular MPPT Solar Controller

Spesification

HSC220M4/6/8, HSC350M4/6/8, HSC380M4/6/8 HSC series modular solar charger adapts MPPT technology. Large power modular design supports N+X parallel redundancy and capacity expansion of multi modules, convenient dilatation and easy maintenance. This series has complete protection function and intelligent battery management with abundant configured models applied for various off-grid solar power generation scenarios. FEATURES - MPPT solar controller, maximize the utilization of solar panels, utilization ratio >95% - Modular design, hot plug function, flexible configuration, easy capacity expansion - Intelligent battery management and temperature compensation function - Complete protections e.g. Input and output over voltage, polarity counter-attack protection, lightning surge protection, etc. - LCD display + LED status indicator - RS485, dry contact communication to realize remote monitoring - Automatic ON-OFF
