

Detail Product of PT Listrikum

Wind Electricity

Spesification

Interconnection Power Bayu With a network of medium voltage 20kV or lower TYPE GAE - PLTB 80 GAE - PLTB100 USAGE Interconnection with the goal of lowering fuel consumption BENEFITS More easy for maintenance Friendly Environmental SPECIFICATIONS Power : 80 - 90 kW (for GAE - PLTB 80); 100 - 110 kW (for GAE - PLTB 100Power) Wind Velocity : 3 m/sec - 14 m/sec Voltage Output : 3 x 220/380 VAC 3 Phasa; TM 20 kV 3phasa Frequency : 20 - 80 Hz
